### FOCUS OF THE WEEK/REMINDER

Let us always remember that together we do amazing things, unforgettable things, some might say impossible things, but with the right collection of people, anything is possible. We are the team at Fowler High School that

**TOGETHER**; we educate and influence students **Mind, Body, and Spirit**. Continue to reflect and put into practice what we learned at the Trauma: Road to Resilience workshop. Strive to be high on the Kind and Firm spectrum. As the teacher, one who is kind and firm is consistent, has structure, is caring, shows empathy, is flexible and makes connections. Students in turn learn independence, take healthy risks, have acceptance and know that mistakes are okay. Thank you for continuing to work hard for our students.
