	Board Meetings	DELAC Meetings	LCAP Meetings	Advisory Meetings
Purpose	The Board Meetings provide oversight of policies and fiscal solvency, accountability, setting direction, and representing the values, beliefs, and priorities of their community.	The District English Learner Advisory Committee (DELAC) assists in developing and providing input in establishing district programs and goals for English Learners. The DELAC also provides feedback on the Local Control and Accountability Plan.	Local Control and Accountability Plan Meetings are designed to have a public process for providing input about specific actions or expenditures proposed to be included in the LCAP annual.	The advisory meeting is to provide input for the development of the district strategic plan in alignment with the LCAP as well as provide feedback on the implementation and monitoring of the strategic plan and LCAP.
