

How to Wipe an iPad

Steps to remove all your *personal information* from the iPad.

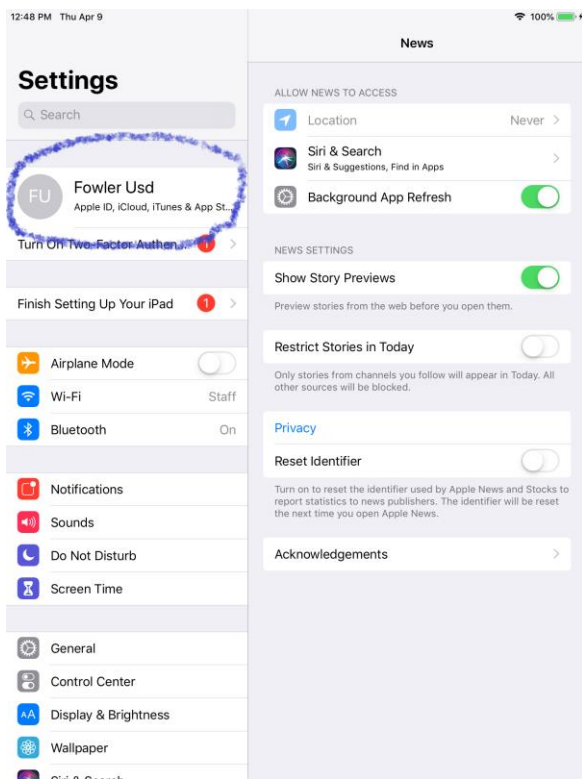

1. Tap the 'Settings' icon

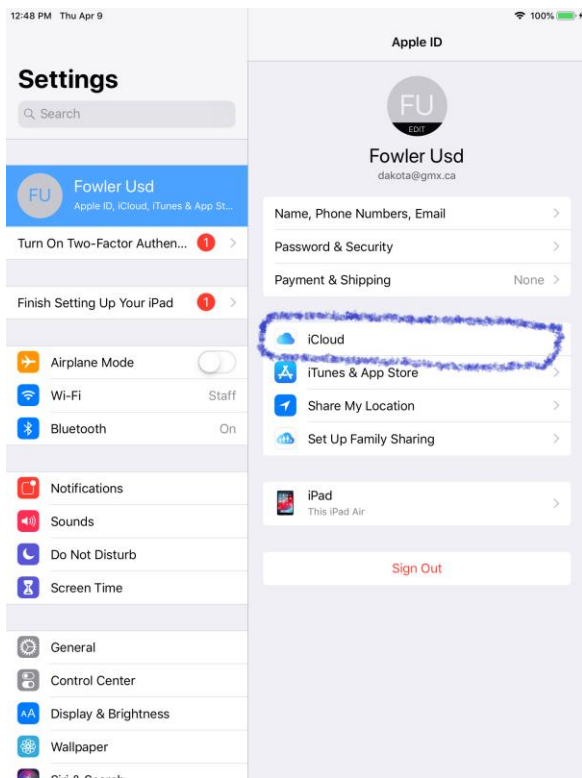

Before you begin:

Make sure that you have backed up all your personal data. Be aware that Apple only gives 5 free gigs of storage. If you have more than that on the iPad not all will be backed up. However, you have unlimited storage on your Google account.

2. Tap on Apple User ID

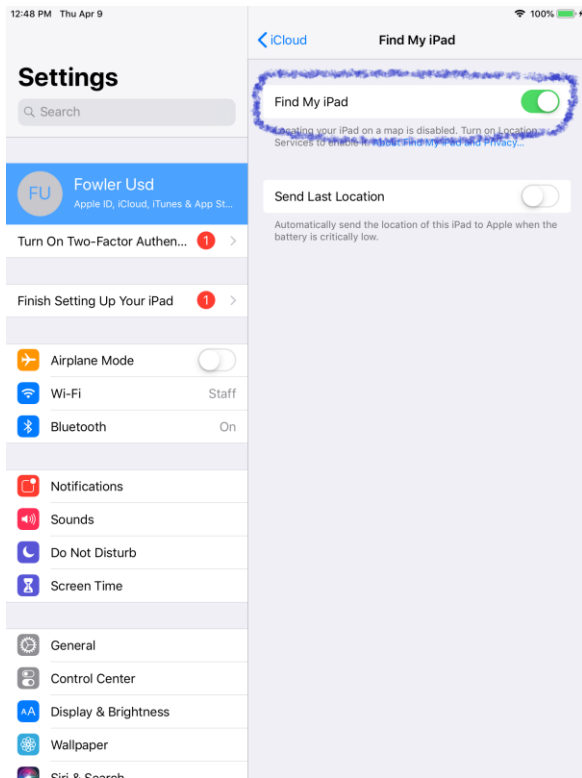

3. Tap on 'icloud'

4. Tap on 'Find My iPad'

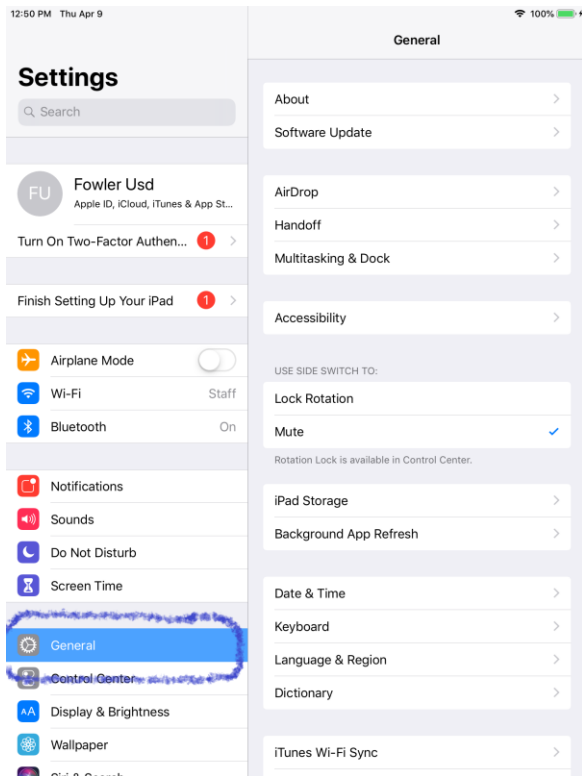

5. Tap on the Slider (the green should go away)

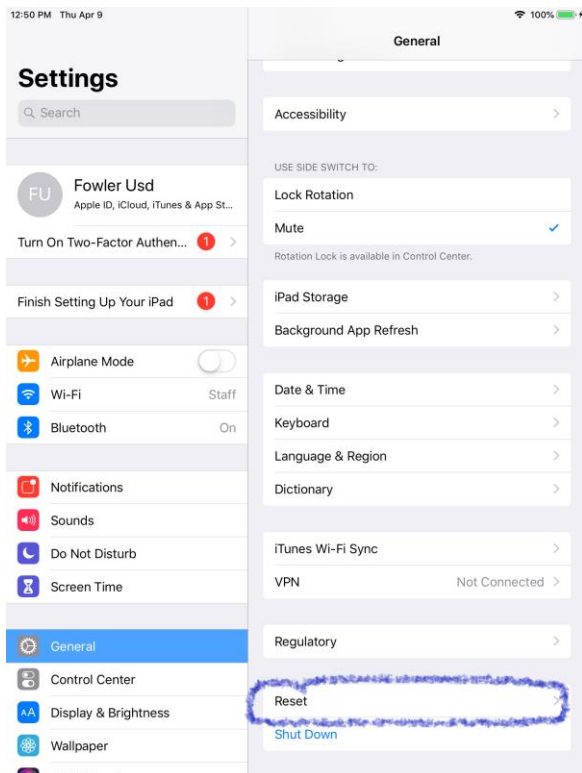

6. Enter the Apple Account Password and tap on 'Turn Off'

7. Tap on 'General'

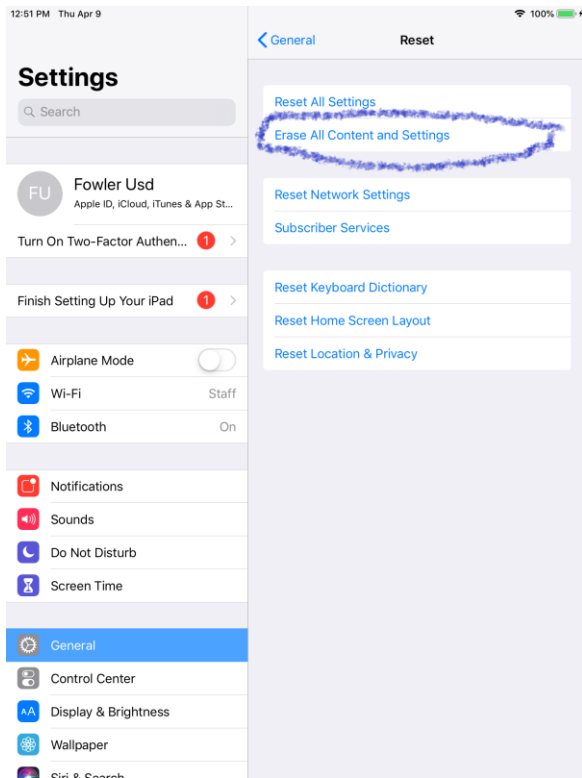

8. Scroll down the right side and tap on 'Reset'

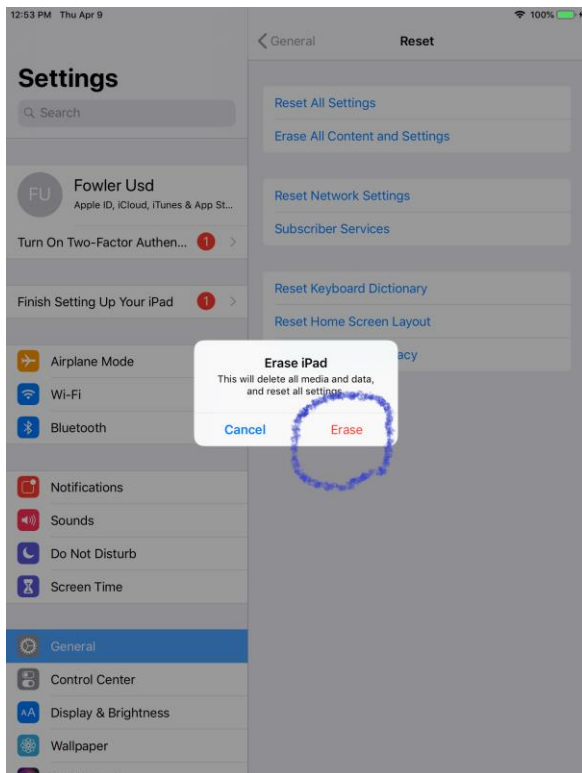

Before you tap reset.
Did you remember to
backup your data?

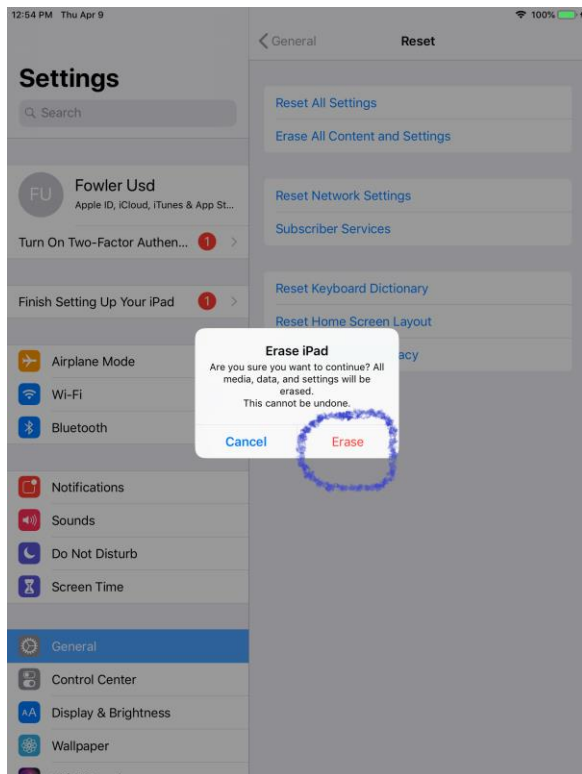

9. Tap on 'Erase All Content and Settings'

10. Tap on 'Erase'

11. Tap on 'Erase' (Second time for confirmation)

12. The iPad should now begin to do a Factory Reset. This will take several minutes.

If completed correctly all personal data will be removed from the iPad. However your data that was in the Apple account will not be affected by this reset.
